Principal welcomed all the members and briefed them on the agenda of the meeting.

The agendas of the meeting, items discussed, and resolutions made were as follows:

Agenda 1: Conduction of Hepatitis Day

The **Hepatitis Day** was decided in the meeting to be conducted by the NSS (National Service Scheme) cell on the occasion of Hepatitis Day to raise awareness and encourage action against viral hepatitis. The theme for World Hepatitis Day 2024 was "It's time for action". The day aims to raise awareness about viral hepatitis, which is an inflammation of the liver that can lead to severe liver disease and cancer.

Agenda 2: Organization of different programme to promote awareness

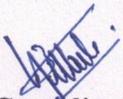

Principal, BIPR informed NSS coordinator Mr. D. O. Morani, BIPR faculty member to organize **Hepatitis Day** to promote awareness of viral hepatitis, an inflammation of the liver that causes severe liver disease and cancer.

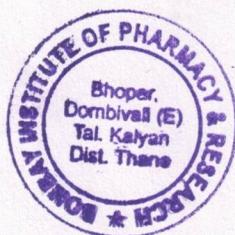

□ **Informational Posters:** A series of informative posters were designed and displayed on campus, with key facts about hepatitis and ways to prevent it.

□ **Speeches:** Many students speak about the symptoms, prevention methods, importance, and vaccination of hepatitis.

Agenda 3: Any other subject(s) with permission of chair: Nil

The meeting ended with a vote of thanks to the principal and to all members.

Hepatitis Day Celebration

July 29, 2024 Mumbai, India: The National Service Scheme (NSS) of the Bombay Institute of Pharmacy & Research (BIPR) successfully conducted **Hepatitis Day Celebration** on 29th July 2024 aimed to promote awareness and understanding of this day and help spread awareness about prevention, symptoms, and treatment options related to hepatitis.

Program Highlights were as follows:

Theme: "It's Time for Action"

Audience: 55 B. Pharmacy students and 28 D. Pharmacy students

1. Arrival of Chief Guest (4:00 PM)

The program commenced with the arrival of guests, teaching and non-teaching staff, and students. A floral welcome was extended to the Chief Guest, marking the beginning of the event.

2. Poster Making Competition:

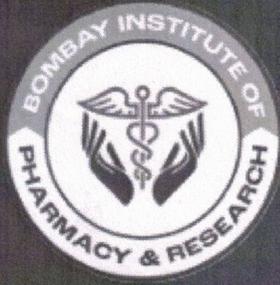

A poster-making competition was organized among NSS volunteers and students to creatively spread the message of Hepatitis awareness. The best posters were displayed at the event and later distributed in local health centres and schools.

3. Guest Speakers & Seminars:

Students to give talks and seminars on the importance of liver health, the prevention of viral hepatitis, and the latest advancements in hepatitis treatment. The sessions were interactive, and people were encouraged to ask questions to clarify doubts regarding the condition.

4. Vote of Thanks

The NSS extends its gratitude to the volunteers, and students who contributed to making this event possible. Special thanks to the participants for their active involvement.

WORLD HEPATITIS DAY

WORLD HEPATITIS DAY TRANSMISSION

Transmission of Hepatitis B and C occurs through contact with blood or body fluids of an infected person.

- Blood transfusion
- Sharing of needles and syringes
- Sexual contact
- Mother to child (vertical transmission)
- Sharing of razors, toothbrushes, and other personal items

SYMPTOMS

SYMPTOMS

Most people with hepatitis B and C do not have any symptoms. When symptoms do occur, they can include:

- Fatigue
- Loss of appetite
- Nausea
- Dark urine
- Yellowing of the skin and eyes (jaundice)

DIAGNOSIS

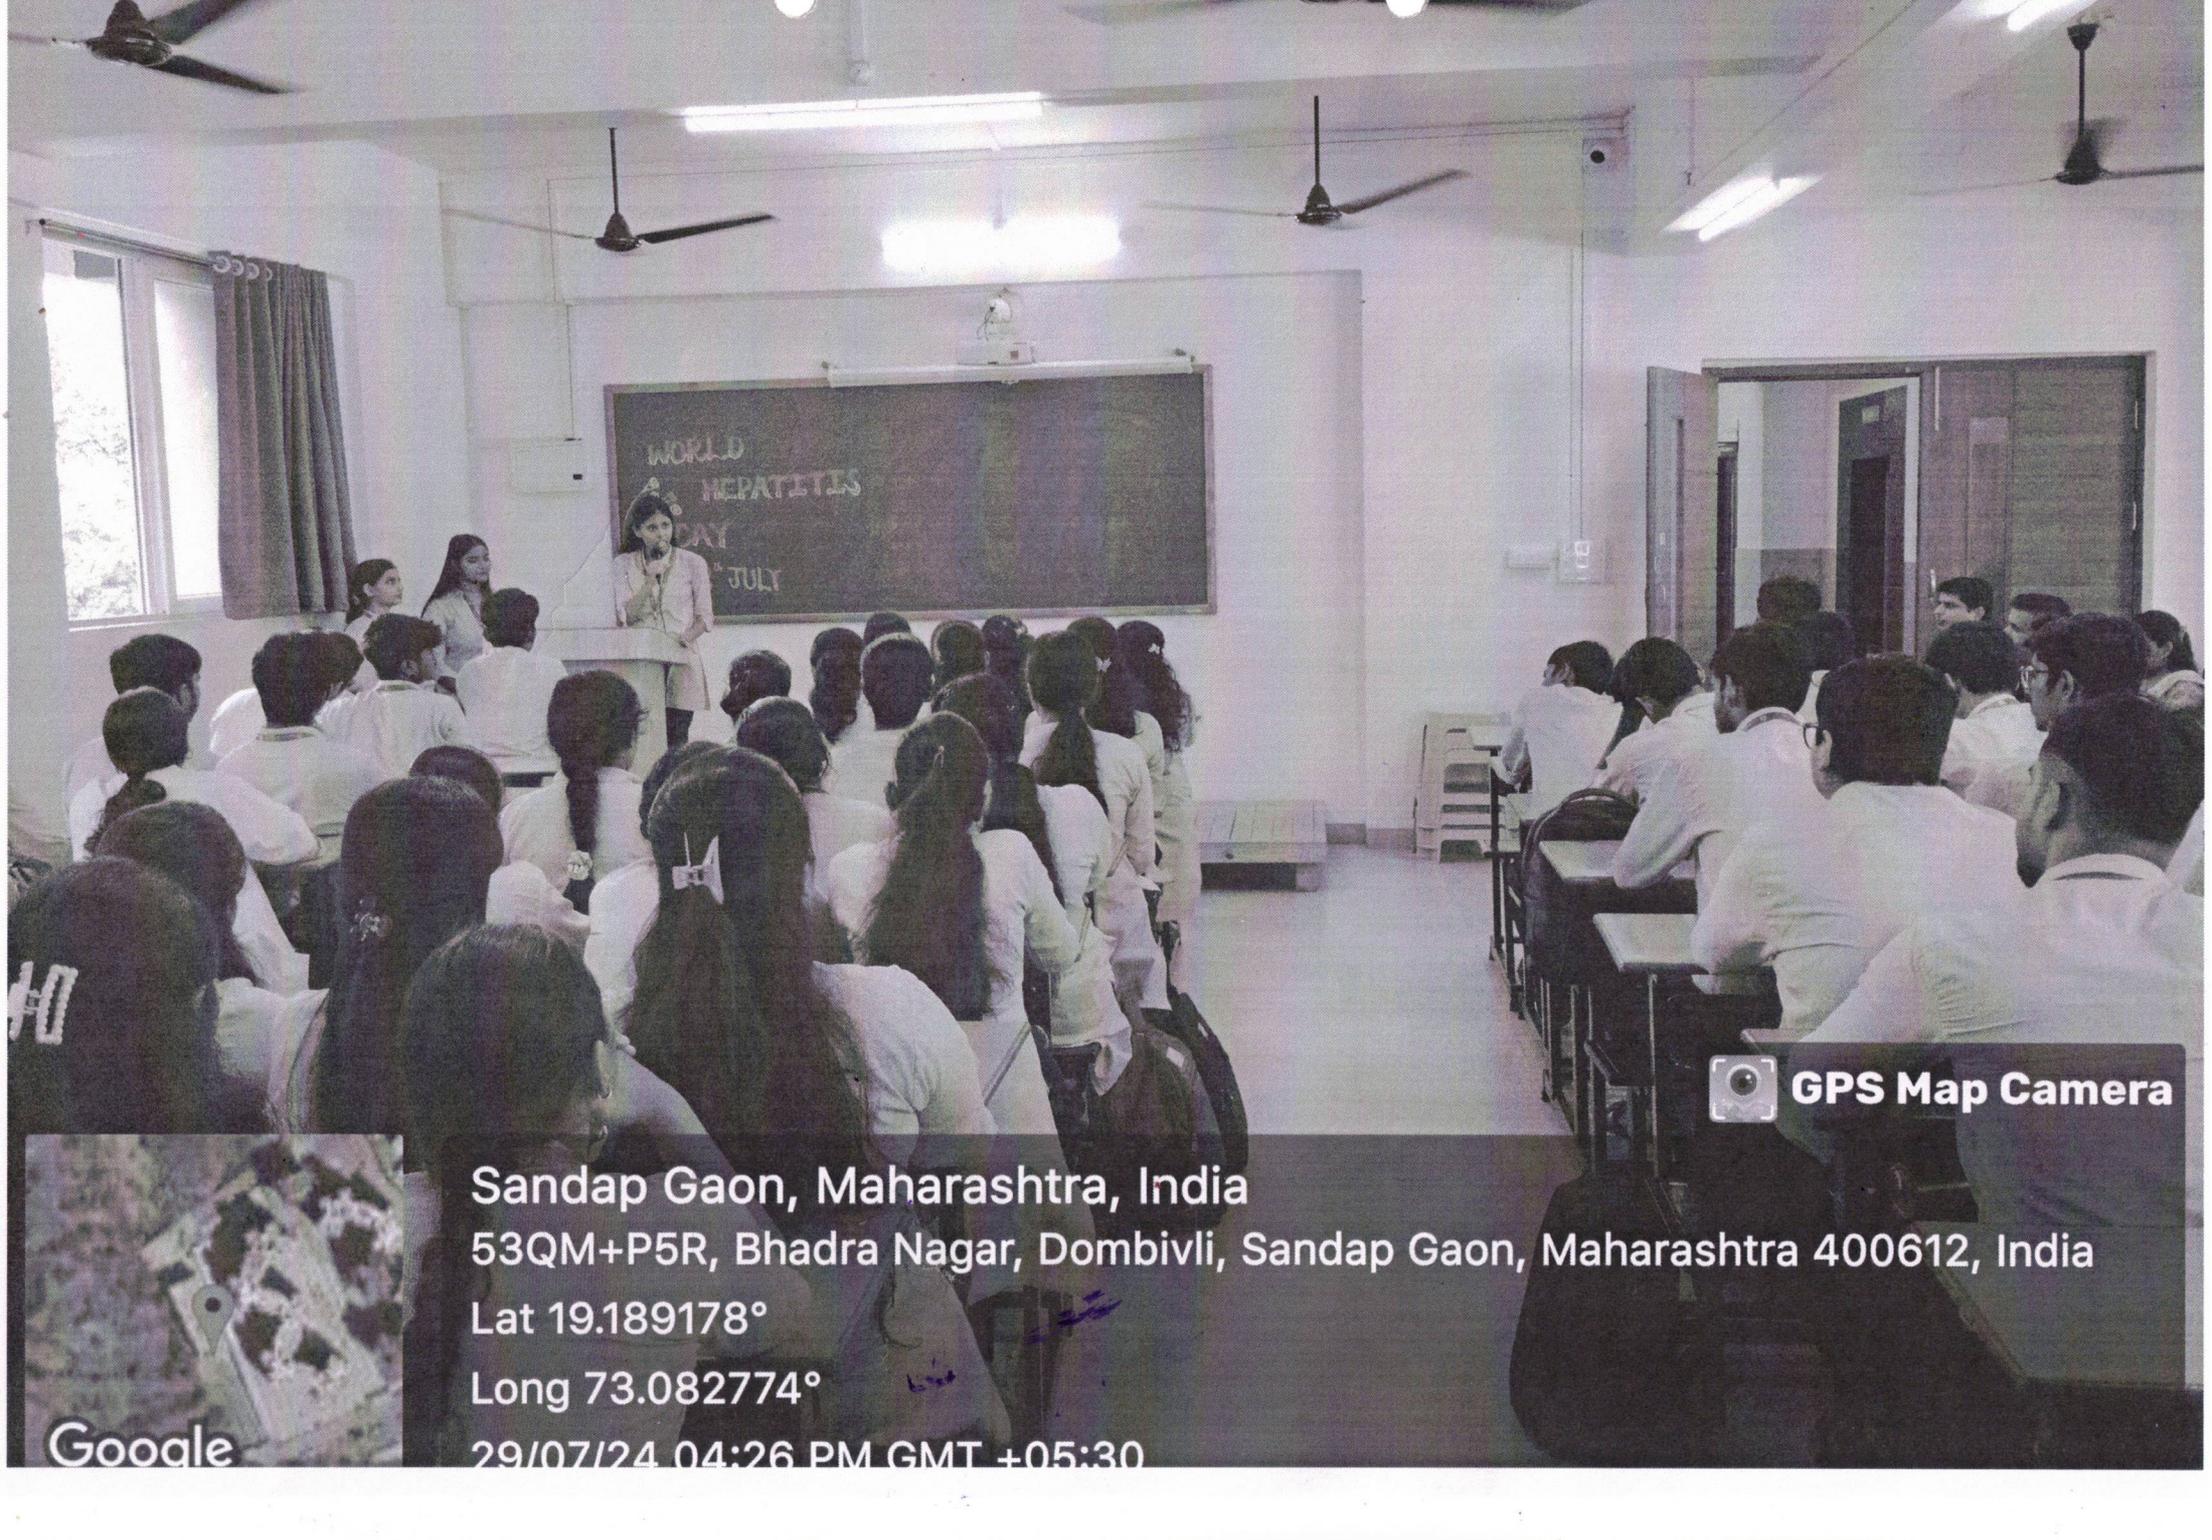

Diagnosis is usually made through blood tests. These tests can detect the presence of hepatitis B and C viruses and antibodies to these viruses.

TREATMENT

There is no cure for hepatitis B and C. However, treatment can help to reduce the amount of virus in the blood and prevent liver damage.

PREVENTION

Prevention is the best way to avoid hepatitis B and C. This includes getting vaccinated, practicing safe sex, and avoiding contact with blood or body fluids of an infected person.
